Your Role as a Point of Contact (POC)

Many organizations have an established network of POCs who are responsible for managing OGE 450 financial disclosure filing activities. As a POC for an organization, command, or activity, you have very important responsibilities in FDM. Your duties in FDM are similar to how you manage Filers and reporting activities today, except now you can manage them online and in one place.

In FDM, POCs are responsible for a variety of tasks but primarily loading and managing OGE 450 Filers and Organizational data into FDM and keeping OGE 450 Filers and their Supervisors aware of the filing season and deadlines.

<table>

<tr>
<td>Identify and communicate the type of report that needs to be filed</td>
<td>Assign Filers a report to File in FDM</td>
</tr>
<tr>
<td>Track Filer Reporting Activities</td>
<td>Run management reports and send reminder notifications</td>
</tr>
</tbody>
</table>

Your local legal office will initially identify and establish the top level Org Units and POCs for your organization/installation in FDM. The legal office will also assign the DAEO, Senior Legal Counsel (SLC) and 450 Certifier roles for your Org Units. Once you are added as a POC, you can begin managing Filers and their reporting activities in FDM.

POCs have the ability to add or delete subordinate organization units, add new Filers who enter the organization and remove Filers who leave the organization, assign and/or change Supervisors for your subordinate organization units, assign required activities (the requirement for Filers to complete a specific report), and generate management reports. POCs cannot assign DAEOs, SLCs or 450 Certifiers.

All FDM users must be assigned a specific role by an existing FDM user. Some FDM users can have overlapping responsibilities and multiple roles to help expedite the disclosure process. A user’s location in the role hierarchy reflects the authority and responsibility they have in FDM.

Organize Filers Prior to December 31

As the POC, it is your responsibility to make the necessary corrections to the Org Units and Filer lists in FDM. Supervisors should be able to help you identify employees who are required to file and OGE 450.

Automatic assignment of reports can create additional administrative work for POCs if your Filers are not organized properly before December 31. It is recommended POCs begin reviewing and updating their Filers in FDM no later than November 1. Everyone who is required to file an OGE 450 report and has been registered in FDM will be automatically assigned an Annual OGE 450 Report on December 31.

To ensure consistency, review the list of last year’s Filers and update to reflect both employees no longer working for you, and new employees who fit the filing criteria. Having said that, Managers/Supervisors should review that list, and make the final determination regarding who of their employees meet the OGE criteria, and are required to file.

Checking for Outstanding Reports

FDM Management Reports provide POCs with a tool for monitoring the filing and review progress of disclosure reports. Use the Management Reports in FDM to check if the Filer has any assigned or incomplete reports before you move or delete any of your Filers.

If a Filer has an incomplete report with a Draft or Under Review status, notify:

- the Filer’s supervisor if he/she has not signed yet.
- the Filer’s 450 Certifier to complete the report or delete the report if it was filed erroneously.

If the Filer has a Not Started report but the Filer’s role has been removed from FDM, go to Admin | Filers and un-assign the report so it will no longer display on your management report.

PERIODIC REPORT TYPES

You can choose between five standard Management Reports in FDM:

Review Progress Summary

The Review Progress Summary Report tracks disclosure reports review progress.

Due Date Tracking

The Due Date Tracking Report tracks disclosure reports that are not currently submitted (i.e., eSigned) by the Filer as of today’s date.

Daily Extension Tracking

The Daily Extension Tracking Report tracks disclosure reports that have extensions as of today’s date.

Ethics Training Tracking

The Ethics Training Tracking Report tracks Ethics Training information recorded for Filers that were in your Org Units during the selected calendar year.

OGE AGENCY REPORT TYPES

Annual Ethics Training Report

Annual Ethics Training Report track Ethics Training information recorded for Filers that were in your Org Units during the selected calendar year.
Generating a Management Report

To access Management Reports:

1. Click on Management Reports | Periodic, OGE Agency, or Admin Reports.
2. Select the type of Management Report you wish to generate.
3. Select the appropriate report filter(s).

Including/Excluding additional Org Units in your View

You can opt to include or exclude specific Org Units from your Management report by selecting one of the “Set Report Filters” and select SHOW MY or SHOW ALL.

1. Click Generate Report.

After you have generated your management report, click Export then select Export to Excel or Export to .csv.

Working in Excel

1. Click Open to open the file in Excel.
2. Click the Enable Editing and then select the DATA tab to sort and filter the data.
   
   Note: You can use any of Excel’s features/tools to sort and filter your data.

Filtering and Sorting Data in Excel

To filter data:

1. Click the arrow in the table header of the column you wish to filter.
2. In the list of text below the search bar, uncheck the Select All box at the top of the list, then check the boxes of the items that you wish to display in your table.
3. Click OK. The data will be filtered, temporarily hiding the content that does not match the selected criteria.

To sort data:

1. Select the column header drop-down arrow that you wish to sort on. The Filter meu displays.

Select Sort A to Z and then click OK. The data is sorted by the selected column.
PRINTING A REPORT

For Periodic and Agency Reports:
1. Generate a report and then Export to Excel.
2. Select File and then Print Report.

SAVING A REPORT

For Periodic and Agency Reports:
1. Generate a report and then Export to Excel.
2. Select Save.
Managing Filers

**ADDING (registering) A FILER TO FDM**

FDM automatically assigns every registered OGE 450 Filer in FDM an Annual Report on December 31. Automatica report assignment makes it important that POCs have their Org Units, Supervisors and Filers set up correctly in FDM before the end of the year.

If you used the Add Multi button and a Filer came back under the “will not be added” box, you can attempt to add the Filer using the “Add Filer” button. You can also use Add Filer when you only have one Filer to add to FDM instead of multiple Filers.

1. From any point in FDM, click the **Admin Center** tab.
2. Click **Org Management** and then select the Org Unit in the Org Tree where the new Filer should be added.
3. Click the **Org Unit Filers** tab within the selected Org Unit.
4. Select either OGE 450 or OGE 278 Filers Panel. A list of Filers already associated with the selected Org Unit is displayed.
5. Click **Add Filer**. The search box on the right of your screen prompts you to search for a new Org Member.
6. Select the appropriate Agency Directory from the drop-down list.
   **Note:** The best way to return a result for someone is to search by e-mail address. Searching by last, first, and middle name will return more results.

7. Type the new Filer’s e-mail address in the e-mail field and then click **Search**.

8. In the search results list, select the individual whom you wish to add by clicking the **plus (+)** sign beside their name. The Filer list redispalyes with the newly added Filer.
   **Note:** Once a Filer is added, you can assign a report for them to file in FDM.
Filer Belongs to a Different Org Unit

If you are trying to add a Filer who is already a Filer in another Org Unit in FDM, you will see the Move Filer page. When this occurs, if the Filer is in an Org Unit that is assigned to you, you will have the option to select specific reports to move with the Filer to the new Org Unit if necessary.

1. Click **Return to Filers List** if you do not want to assign a report to the new Filer and you will return to the Filers page.
2. Click **Assign OGE 450 Filer Report** if you want to assign a report to the new Filer.
   
   **Note:** This option is typically used for New Entrant Filers. It is also used if the System Administrator did not initially assign the Filer a current year’s report.

Removing a Filer Role

Deleting Filers should be completed prior to the December 31 to prevent Filers from starting reports in the incorrect Org Unit for the next filing season. Only One Filer role can be removed at a time.

**Note:** You are not removing the person from the FDM system, but only the role that they hold in the Org Unit.

1. Go to **Admin Center | Org Management**.
2. Select an Org Unit from the Org Tree that contains the Filer who you want to remove.
3. Click on the **Org Unit Filers** tab.
4. Select the 450 Filers or 278 Filers panel. A list of Filers already associated with the selected Org Unit is displayed.
5. Click on the **Remove 450/278 Filer (X)** button in the actions column beside the appropriate Filer.
6. Deleting a Filer’s role does not delete any started reports (e.g. Draft, Under Review and Complete). The check box is checked by default to remove the assigned report.

7. To remove a report with the Filer role, leave the checkbox selected beside a report and then click OK. If you want a report to stay with the review chain of the original Org Unit, deselect the check box and select OK.

Note: If you do not select the checkbox, the Filer role is removed and the report assignment is not removed.

Note: You may remove a Filer from your Org Unit even if they still need to create a report in FDM. If a Filer is deleted from an old Org Unit, but never added into a new Org Unit, the Filer will still be able to log into FDM but won’t see the My Reports tab. The Filer should then contact the POC or their new Org Unit and ask to be added back in to FDM.
Moving a Filer to a Different Org Unit

It is very important to move your Filers to their new Org Units before the FDM automatic assignments are generated on December 31. Only some Filers’ reports are eligible to be moved to a different Org Unit.

Moving a Filer with a Draft or Under Review Report

1. Go to Admin Center | Org Management.
2. Select an Org Unit from the Org Tree panel that contains the Filer that you plan to move to a different Org Unit.
3. Click the Org Unit Filers tab and then select either the OGE 450 or OGE 278 Filers Panel. A list of Filers already associated with the selected Org Unit is displayed.
4. Click on the Move button in the actions column beside the appropriate Filer.
5. Browse and select an Org Unit from the tree to locate the appropriate Org Unit where the Filer is to be added and then click **OK**.

6. If your Filer has past reports in FDM, the **Move Reports option** screen may display. To move a report with the Filer, leave the checkbox selected beside a report then click **OK**. If you want a report to stay with the review chain of the original Org Unit, deselect the checkbox before clicking **OK**.

7. Click **Yes**. The Filer and their selected reports are moved to the new Org Unit.
Moving Filers: Common Issues

Moving a Filer with a Completed Report or Unassigned reports

You can move a Filer with Completed or Unassigned reports to a different Org Unit. However, these types of reports will remain with the assigning Org Unit (despite the Filer moving). Completed or Unassigned reports will not move to the arriving Org Unit.

Filer’s report was assigned in a different Org Unit (or, new Org Unit reviewers can’t find report)

The most common issue for POCs during filing season is when a Filer is successfully added to a new Org Unit but their report assignment is with the previous Org Unit. This sometimes occurs when Filer’s are added to an Org Unit after reports are automatically assigned for the upcoming filing season. To correct this problem:

1. Move the Filer back to old Org Unit. You may need to contact the POC for the previous Org Unit and request they add the Filer back.
2. Once the Filer is back in the original Org Unit, un-assign the report. Again, you may need to contact the POC for the previous Org Unit and request they do this.
3. Once the report assignment is removed, move or add the Filer to the new Org Unit and assign the report.

Filer’s New Org Unit has Different Reviewers

If you are moving Filers to an Org Unit with different reviewers and the Filer has a disclosure report that is Under Review, notify the current reviewers as they may have already begun the review process.

Filer Changed Agencies

Filer reports cannot be moved across agencies. Contact FDM Customer Support before adding a Filer to your Agency if the Filer created reports in FDM under another agency. For example, if a Filer created reports in FDM while working in USARMY and now needs to create a report at VA, call FDM Customer Support and they will assist you with the move so the Filer will have access to all of their reports.

Filer files both 450 and 278 reports

If you are trying to move a Filer who has both a 450 and 278 roles, you will not be able to move the Filer’s OGe 278 reports as only DAEOs, DAEO ECs, SLCs and SLC Assistants have the authority to make this move.
1. On the Org Unit Filers tab click **View** beside the Filer. The Filer profile displays.

2. Click the **Reports** tab in the Filer’s profile.

   **Note:** In the Assigned column, it will display ‘Yes’ if the report is Assigned.
3. If the Filer’s report has not been assigned, click on the **Assign** button beside the Filer’s name.

4. To remove a report assignment on any Not Started report, click the **Remove Assignment** button.

5. To view a particular report, click on the **View** button beside a report. To do this you must have the correct role in FDM.
**ADDING MULTIPLE 450 FILERS**

FDM allows you to add Filers in groups of up to 100 at the at time in the same Org Unit with the same Supervisor. However, you will need the correct e-mail address for each Filer to add each Filer grouping to the selected Org Unit.

**Adding Multiple OGE 450 Filers at a Time**

1. Go to Admin Center | Org Management.
2. Locate and select the appropriate Org Unit where the Filers will be added in the Org Tree panel.
3. Click the Org Unit Filers tab. Select the 450 Filers panel. A list of Filers already associated with the selected Org Unit is displayed.

4. Click the Add Multi button. The Add Multiple Filers page is displayed.
You have two options for uploading multiple 450 Filers: you can type or paste e-mail addresses OR you can upload an FDM Excel template file.

1. Select the appropriate Agency Directory from the drop-down list. Please select DoD if your Agency is USAF, USN, USMC, etc.

**Option 1: Importing/Adding Filers via Type/Paste of E-mail Addresses**

1. Type or paste Filer e-mail addresses in the Copy/Paste E-mail Addresses box. You can enter up to 100 e-mail addresses at a time and only one e-mail address per line.
2. When complete, click **Search**. The Review and Confirm screen is displayed.

3. Review the listing of Filers. To add a Filer, leave the checkbox selected beside the individual and click **Confirm**. Uncheck the checkbox beside any individual whom you do not wish to add. Only selected individuals will be added.

   **Note:** If you were unable to add a Filer with Add Multi, verify that the e-mail address you entered is correct. If a Filer is **Already a Filer in FDM**, you will have to add them separately via **Add Filer**.
Option 2: Import a List of Filers (Excel file)

1. Click on the link that says **Click to Download and use the FDM Filer Import Template** in the Upload OGE 450 Filer List.  
   **Note:** Use only the FDM Filer Import Template during the upload process. 
   The FDM template already maps the template fields to the appropriate FDM fields.

2. Open the Excel template and fill out the required Filer information.
3. After entering the Filer information into the template, **Save** the document to your local drive.

4. In FDM, click **Import** and then navigate to the file in your local drive.
5. Open the appropriate file and then click OK in the Upload OGE 450 Filer List box. The Review and Confirm screen is displayed.

6. Review the listing of Filers and uncheck any individuals you do not wish to add. Click Confirm.  
   Note: Only selected individuals will be added.  
   Note: If you were unable to add a Filer with Add Multi, verify that the e-mail address you entered into the template is accurate. If a Filer is already in FDM, you will have to add them individually via Add Filer.
Assigning Reports

Annual Filers

Since a System Administrator assigns Annual reports, it is very important that POCs have their organization set up properly before December 31.

Everyone who is required to file a report will be assigned an Annual OGE 450 Report to file in FDM automatically. If a Filer has been added to your organization after the initial notification, the POC will have to assign a report to that Filer.

NewEntrant Filers

When a new Filer is added to your organization and they have not previously filed an OGE 450 report, they should be assigned to file a New Entrant report in FDM. When assigning a New Entrant activity, you will need to know the Filer’s start date or the date the Filer was informed they should file a report.

Assigning a Report to a Filer:

1. Go to Admin Center | Org Management.
2. Locate and select the Filer’s Org Unit in the Org Tree.
3. Click the Org Unit Filers tab and then select either OGE 450 Filers Panel.
4. Click the Assign button besides the appropriate Filer. The Filer Assignment page is displayed.
Entering the Report Information

5. Select the Year and New Entrant and then click **OK**.
   - The Due Date defaults to the statutory Due Date.

Notifying a Filer

6. Click **Send** to notify the Filer of their requirement to file or **Cancel** to notify later.
   **Note:** The e-mail message can be edited by typing over the default message.
Reminding Annual Filers

Once the System Administrator has assigned Annual OGe 450 Reports to all current Filers in FDM, the POC can then notify the Filers in their Org Units of their requirement to file.

Sending an E-mail Reminder

1. Select My Reviews | Remind Filers.

2. Select the Org Unit from the Next Level Down drop-down list, select OGE 450 Annual Filers Who Need An Initial Notification To File and click Search.

3. Review the list of Filers and then click Notify. The Confirm Reminder to OGE 450 Filers page is displayed.
Review E-Mail Message

The Confirm Reminder page is used to notify a Filer that he/she has been assigned a report to file in FDM and lists the type of report that should be filed along with the due date.

Customize Message

4. Type any additional text to add to your message and then click Send. The Remind OGE 450 Filers page is displayed with a message summary. Note: You can also send a copy of this message to any associated POCs and Supervisors from this page.
Adding Sub Org Units

Additional Org Units are necessary when you need different or separate groupings of Filers and review chain participants, such as a new Supervisor for a new Activity.

Note: A New Org Unit is not required when a successor Supervisor replaces an incumbent one. In that case, simply delete the departed Supervisor and assign a new one.

You can add a new Org Unit and any associated Org Unit Members to FDM in the Admin Center.

1. From any point in FDM, click the Admin Center tab.
2. Click Org Management and then select the Org Unit in the Org Tree where the new Org Unit will be added.

3. Click Add New Org, located above the Org Tree panel.
4. Type the appropriate Name and Description for the new Org Unit.

**Org Unit Name and Description**

- The Org Unit name must be unique: duplicate names are not permitted at the same level within the Org Unit. It is recommended that you keep the Org Unit name short and specific, e.g. use of abbreviation of the organization name to which the Filers and legal reviewers belong. FDM does not prohibit you from naming Org Units whatever you like, but it is advised that you follow a standardized Org Unit naming convention.

- Use the description field to describe the Org Unit further. This way, you can easily distinguish the Org Unit from others that may have a similar name. The Org Unit description is limited to 100 alphanumeric characters.

5. When complete, click **Save** and then **OK** to confirm the addition of the new Org Unit.

**Acting and Assigned Org Unit Roles**

Each Org Unit inherits the review chain participants from the Agency Org Unit until a different legal reviewer is associated to the subordinate Org Unit. When an Org Unit does not have an assigned Review Chain Participant or POC, FDM automatically assigns the person as acting in that role from the superior Org Unit.
Assigning Supervisors

FDM automatically assigns the Org Unit role from the superior Org Unit as the acting Org Unit role until a different Org Unit role is assigned.

If the person is associated to all of the subordinate Org Units, there is no need to assign that person to each subordinate Org Unit. In fact, you may not need the subordinate Org Unit in that case.

1. From any point in FDM, click the Admin Center tab.
2. Click Org Management then select an Org Unit in the Org Tree where the new Org Member will be added.
3. Click the Org Unit Members tab within the selected Org Unit.
4. Click the +Assign or Replace button in the Supervisor panel to assign or replace someone as an Supervisor. The search box displays on the right.
5. Select the appropriate Agency Directory from the drop-down list.
6. Type the new Supervisor’s e-mail address in the e-mail field then click Search.
7. In the search results list, select the individual whom you wish to add by clicking the plus (+) sign beside their name. Your newly added Supervisor is listed beside the selected role.

   **Note:** The best way to return a result for someone is to search by e-mail address. Searching by last, first, and middle name will return more results.
### Assigning POCs

If you are a POC at the top level of your organization hierarchy and you have many Org Units and Filers, you can assign a POC to any of your sub Org Units in order to help you manage your Filers.

To add an additional POC to an Org Unit:

1. From any point in FDM, click the **Admin Center** tab.
2. Click **Org Management** then select an Org Unit in the Org Tree where the new POC will be added.
3. Click the **Org Unit Members** tab within the selected Org Unit.
4. Click the **+Add** button in the Point of Contact (POC) panel.
   **Note:** Two or more POCs can be added to the same org Unit.
5. Click the **Replace** button beside the assigned POC to replace a POC.
   **Note:** You can add additional POCs to assist with the administration of this org unit.
6. Select the appropriate Agency Directory from the drop-down list.
7. Type the new POC’s e-mail address in the e-mail field then click **Search**.
8. In the search results list, select the individual whom you wish to add by clicking the plus (+) sign beside their name. Your newly added POC is listed beside the selected role.

9. If prompted, select Yes to allow this person to hold the same role for multiple Org Units then confirm the selection.
Editing an Org Unit

Org Units can be updated at any time in FDM. It is advised that you update an Org Unit while your Agency is undergoing a period of transition or reorganization. You may also find the need to edit your Org Unit’s Org Members (Review Chain) right after creating an Org Unit so that you can tailor its proper Review Chain to the grouping of Filers.

1. From any point in FDM, click the **Admin Center** tab.

2. Click **Org Management** and then select the Org Unit in the Org Tree that you wish to edit.

3. To update the Org Unit’s Name and Description, click the **Edit button** in the Org Profile Basic Details on the right.
4. Update the Org Unit Name and/or Description as needed.
5. Click Save.
Moving Org Units

You can move an Org Unit to align the Filers and review chain participants appropriately after a transformation within your agency. Click Move on the Org Unit profile page to move the Org Unit and all Filers in that Org Unit simultaneously to a new location in FDM. Selected user roles may only move Org Units to another FDM location within their authority.

1. From any point in FDM, click the Admin Center tab.

2. Click Org Management and then select the Org Unit in the Org Tree that you wish to move. The Org Unit Profile is displayed.

3. Click the Move button in the Actions column of the Org Unit profile.
4. Browse and select an Org Unit from the Org Tree that you want the moving Org Unit to fall under. The Org Unit that you select here will fall above the moving Org Unit.

   **Note:** If a Filer in a moving Org Unit has assigned incomplete reports, those reports will remain with the Filer’s departing Org Unit.

5. Click **OK** to confirm.
Removing Org Units

Important Information

Before you can delete an Org Unit, move any associated Filers to another Org Unit or remove the Filer’s role if they are no longer Filers. See the Filers section for further information. If the Org Unit has subordinate Org Units, move or delete the sub-Org Units.

Removing an Org Unit:

1. From any point in FDM, click the Admin Center tab.
2. Click Org Management and then select the Org Unit in the Org Tree that you wish to move. The Org Unit Profile is displayed.
3. Click on the button that says Remove in the Actions section of the Org Unit profile.
4. Click Ok to confirm.
