Adding an 278 Report

- 1. To create a new OGE 278 report, go to either:
 - a. The **Reports Not Started** tab, if you have been assigned a specific report to file in FDM and click **Start This Report**.
 - or
 - b. The **Reports List**tab, if you need to create a different report than the one assigned and click **Add New Report**.

Getting Started

2. Review the information on the page and then click Continue.

Special Government Employee & Filer Category

3. Select if you are or are not a Special Government Employee and your Filer Category and then click **Continue**.

Reporting Status

4. Select the appropriate Report Status and click **Continue**.

The following screens vary depending upon the Reporting Status you selected.

- Incumbent filers select a report to use to Pre-populate.
- New Entrant filers select if you are a Reserve Component.
- Termination filers fill enter your Termination Date.
- Incumbent and Termination filer enter your Termination Date.

The OGE 278 has four different report statuses:

Incumbent	Select Incumbent if you filed a report in the previous year and are still in the same position as when you filed your last disclosure report. An Incumbent report is due annually, no later than May 15th following the covered reporting calendar year.				
	Note: If you plan to leave your position before May 15th (the due date for the Incumbent), you probably should file a Termination instead of an Incumbent report. Please consult your legal advisor.				
New Entrant	Select New Entrant if this is the first time you are filing a disclosure report or if you have over 30 days break in service between covered positions. The New Entrant report is due within 30 days of assuming the position.				
Termination	Select Termination if you are leaving a covered position, which required you to file an OGE 278.
